

California Residents Privacy Statement

Stillfront Germany GmbH California Privacy Rights Statement

Last Updated: July 24, 2020

This statement applies to California residents. It describes how we collect, use and share Personal Information of California residents in operating our business, and their rights with respect to that Personal Information. For purposes of this section, “Personal Information” has the meaning given in the California Consumer Privacy Act of 2018 (“CCPA”) but does not include certain de-identified or aggregated information, information publicly available in government records, or certain information excluded from the CCPA’s scope. “Personal Information” otherwise means information that identifies, relates to, describes, is reasonably capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household.

Sale of Personal Information. *We do not sell your Personal Information to third parties.* We do share Personal Information with third parties for the business and commercial purposes described in our [Privacy Policy](#), including without limitation advertising and marketing of the Services.

Your California privacy rights. Effective January 1, 2020, as a California resident, and upon your verifiable consumer request, you have the rights listed below. However, these rights are not absolute, and in certain cases we may decline your request as permitted by law.

Your Right to Know

You have the right to request any or all of the following information relating to the personal information we have collected about you or disclosed in the last 12 months, upon verification of your identity.

The Right to Request Deletion

You have the right to request the deletion of personal information that we have collected from you, subject to certain exceptions. For example, we may retain information needed to resolve disputes, enforce our user agreements, protect our legal rights, and comply with technical and legal requirements and constraints, including tracking compliance with your deletion request.

The Right to Opt-Out of Personal Information Sales

We do not sell your Personal Information to third parties. You have the right to instruct us not to share the personal information we have collected about you to third parties, now or in the future.

The Right to Non-Discrimination

You will not be discriminated against for exercising any of the rights described above. However, if the exercise of your rights limits our ability to retain or process your personal information (for example, a deletion request), we may no longer be able to furnish the Services in the same manner, or at all.

“California Shine the Light Law”

Separate from the rights afforded by the CCPA, California residents that have an established business relationship with us have the right to know how their information is disclosed to third parties for direct marketing purposes under California’s “Shine the Light” law (Civ. Code § 1798.83).

Exercising your CCPA and other rights. You may exercise your California privacy rights described above by contact us via our [support form](#) or send an email to ccpa_requests@goodgamestudios.com.

Note: We will need to verify your identity and California residency to process your requests to exercise your information, access or deletion rights. We cannot process your request if you do not timely provide us with such verification or sufficient detail to allow us to understand and/or respond to requests.

Use of Request Agents. You are permitted to use an authorized agent to submit requests on your behalf where (i) you provide sufficient evidence to show that the requestor is an authorized agent with written permission to act on your behalf and (ii) you successfully verify your own identity with us.

Response Timing. We will respond to a consumer request for information or deletion within 45 days. If we require more time, we will inform you of the reason and revised timing in writing.

Minor Children. We do not sell the personal information of consumers we know to be less than 16 years of age. Children under 16 years of age are not permitted to register.

Updates. We may update this California Privacy Rights Statement from time to time. When we make changes to this California Privacy Rights Statement, we will amend the “Last Updated” date.
